

REPUBLICANS TO CONTINUE FIGHT FOR DYER BILL

Democrats Hold it Up Four Hours With Filibuster

(By The Associated Press)
WASHINGTON, Nov. 28.—Republican members of the senate, after a four hour filibuster waged by the Democrats, and after threats from the Democratic side of continued obstruction voted in caucus tonight to continue the fight in behalf of the Dyer anti-lynching bill.

The further decision was reported by the Republican senators to hold the senate in session on Thanksgiving Day if such action was found necessary to break Democratic opposition. The vote on continuing the fight for the Dyer bill, which has been passed by the house, was understood to have been 24 to 1.

The Republican caucus brought to a close a turbulent day in the senate for Democratic senators, acting in accord with a stand taken several days ago in party caucus showed immediately upon the convening of the senate that they proposed to block the anti-lynching bill in every possible way.

Led from the floor by Senator Harrison, Mississippi, the Democrats started what they frankly conceded to be a filibuster, the minute the chaplain concluded the morning prayer. The tactics included objections to the usual course of dispensing with the reading of the journal, numerous quorum calls and presentation of Amendments to yesterday's journal on which invariably aye and nay votes were demanded.

Senate attaches characterized it as the most scientifically conducted filibuster carried on in the senate in years and as proof of this it was cited that only after signs of yielding had been seen on the Republican side did the Democrats permit yesterday's journal to be approved. This process usually consumes about 30 seconds but today it required four hours and might have taken longer for when the senate adjourned Senator Harrison had on his desk a dozen or so amendments to the journal which he had been prepared to offer.

Force Bill, Underwood Says.
Senator Underwood, late in the afternoon told the majority leaders that the Democrats had determined to permit the transaction of no business, not even the confirmation of nominations, until the Republicans agreed to abandon the anti-lynching measure, which he characterized as a "force bill pure and simple."

"If this bill becomes a law it will threaten the very fabric of our government," he said. "But it will never become a law and your gentlemen on the Republican side might just as well admit it now and give up the fight."

The Dyer bill was scarcely mentioned in the senate until after two hours of the filibuster had passed but the statement from Senator Underwood opened up a debate on the measure which ranged from the Hall-Mills murder case in New Jersey to the Japanese question in California but all centered about anti-lynching legislation.

Senator Edge, Republican, New Jersey advocated enactment of the bill declaring that in a number of states lynchings were winked at and some legislation was needed to allow the federal government to step in. This argument brought the statement from Senator McKellar, Democrat, Tennessee that one of the most remarkable examples of unpunished crime was in New Jersey also nine tenths of the people of the United States could, without difficulty put their finger on the murderer.

DES MOINES, Ia., Nov. 28.—Col. Smith W. Brookhart's majority over Clyde L. Herring, his Democratic opponent for senator was 161,354 votes, the official count made public today shows. Col. Brookhart received 339,731 and Mr. Herring 227,883.

VITAGRAPH SUES ALLEGED PICTURE TRUST FOR BIG SUM

Ask \$6,000,000 from Famous
Players-Lasky and
Others

(By The Associated Press)
NEW YORK, Nov. 28.—The Vitagraph company of America today began suit for \$6,000,000 in the United States district court against the Famous Players-Lasky corporation and a dozen individuals, charging conspiracy to control the nation's motion picture industry.

The action was begun under the section of the Sherman law which provides for the assessment of triple damages where interstate commerce is impeded.

Among the defendants named are Adolph Zukor, president of the Famous Players-Lasky corporation; Jesse L. Lasky; Jules Brulatour, one of the leading distributors; Daniel Frohman and Cecil Demille.

The complaint describes the stages between the filming of a picture and its final exhibition in the 14,000 leading theaters of the United States and Canada. All of these theaters, the complaint states, are divided into three classes, first run, second run and third run theaters.

In each large city the complaint avers, there are what are known as "key" theaters, exhibition in which is essential to the financial success of a picture.

The Vitagraph company charges that the defendants thru control of a large proportion of these "key" theaters, caused the profits of the plaintiff to decrease from a previous average of \$750,000 yearly to \$106,490 in 1921. The capital of the Vitagraph company is put at \$2,176,000.

CHILDERS EXECUTION UP IN DAIL EIREANN

DUBLIN, Nov. 28.—During the session of the Dail Eireann today when the financial estimates were under consideration, the execution of Erskine Childers and the treatment of Mary MacSwiney while she was in Mountjoy prison on a hunger strike came up.

The execution of Childers was brought forward by George Gavin Duffy, former minister of foreign affairs and the treatment of Miss MacSwiney by Cathal O'Shannon, Laborite. The government's action in both cases was strongly upheld, respectively by William Cosgrove, president of the Dail and Kevin O'Higgins, the home minister.

Mr. Duffy during debate asked Richard Mulcahy, minister of defense to explain the execution of Childers. Duffy said Childers was a great Irishman, not merely in law but in fact. This assertion brought laughter from some members. Mr. Duffy said Childers had consecrated his life to independence for Ireland. He was perfectly sincere, brilliant of intellect and was extraordinarily modest he actually had been elected by the Irish government as Irish ambassador to the United States.

Mr. Duffy argued that owing to unscrupulous propaganda, Childers had been presented as a monster of wickedness and that for this reason the government should have taken more care to prevent injustice being done him. Yet he was tried in secret on the sole charge of the possession of a revolver in a private house.

Mr. Cosgrove in an impassioned reply said Duffy was afraid of his own shadow, that he made his speech to tell the people outside that he was not guilty; like the others. The members of the Dail Mr. Cosgrove continued were dealing with the situation in which the plan of assassination was in the minds of the people opposed to the government and their newspapers reeked with incentives to their dupes to commit these assassinations.

SIX DOLLAR SHIRT COSTS MAN HIS LIFE

Calico, Cal., Nov. 28.—It cost Joe Navarro's life today to avoid paying duties on a six dollar shirt. Navarro with the shirt under his arm tried to cross the Mexican border to his home in Mexicali, Lower California, at what he believed an unguarded point and was shot dead by a Mexican line rider.

RADICAL CHANGES MADE IN SHIPPING MEASURE TUESDAY

Friends of Bill Predict its Passage Today as Scheduled

(By The Associated Press)
WASHINGTON, Nov. 28.—Radical changes in several provisions of the administration shipping bill all of them proposed by Republicans were made today by the house as it approached a final vote on the measure. More than two score of amendments were offered but less than a dozen were approved.

In quick succession amendments proposed by Democrats hostile to the legislation were rejected. Practically all of them came from four Democratic members of the merchant marine committee, representatives Davis of Tennessee, Hardy and Briggs of Texas and Bankhead of Alabama. Friends of the bill encouraged by their success in turning back the Democratic attack predicted they would have a comfortable margin on the passage vote scheduled for not later than 4 P. M. tomorrow.

Among the important changes was an amendment by Chairman Madden of the appropriations committee making it necessary for congress each year to authorize payments from the merchant marine fund to operators of American ships.

At the suggestion of Representative Edmonds, Pennsylvania, ranking Republican on the merchant marine committee, the house decided not to make government aid available to industrial concerns such as the Standard Oil company for the operation of vessels carrying their own products. The bill, as amended, permits such companies to receive assistance for transporting cargoes of other shippers.

Representative Bankhead proposed that the bill specify that compensation was not to be paid to any operator whose ships carried liquor. The supreme court, it was pointed out, might decide that American ships outside the three mile limit were not subject to the prohibition law and the Bankhead amendment was offered to make doubly sure disbursement of liquor from American vessels.

Mr. Edmonds quickly offered a substitute for the Bankhead amendment narrowing its scope to provide that ships should not receive government aid for voyages on which liquor was carried. After brief discussion the Edmonds' substitute was adopted 56 to 31.

One Section Eliminated
There was a general assault on the provisions relating to the powers of the shipping board but they remained intact until one section stipulating that the general accounting office was not to review the board's determination of the amount of compensation to be paid, was eliminated, at the suggestion of Representative Grahman, Republican, Illinois by a 52 to 46 vote.

Another amendment approved made sailing vessels of 500 to 1,000 gross tons eligible for government aid.
Mr. Madden's amendment providing an annual congressional check on the payments of compensation was adopted after Mr. Davis had attempted to strike out the provision creating a merchant marine fund for which payments would be made. Mr. Davis and others contended that appropriations should be made annually for the purpose so the public would know how much the law was costing.

The Madden amendment retained the merchant marine fund section but required that no payments were to be made to operators having contracts with the government until congress had authorized them. There was a difference of opinion among house members as to its probable effect, although it was generally agreed that it did away with permanent appropriations afforded a check on expenditures and probably would remove a feature considered objectionable by members wavering in their stand on the measure.

House members were appealed to by President Gompers, of the American Federation of Labor, in letters sent out, to defeat the bill. Expressing the opinion that it would place a tremendous drain on the treasury without effectively rehabilitating the American merchant that labor denounced the bill as a "fraud, a robbery and wholly indefensible."

JUDGE PUTS FINE ON SHORT WEIGHT MEN

(By The Associated Press)
BOSTON, Nov. 28.—Judge Brown in the East Boston court today gave two coal peddlers who had given short weight the option of delivering a ton of coal free to the families involved or paying a heavy fine. One who had sold 92 pounds as a 106 pound lot agreed to give the ton. The other refused and was fined \$50.

Old System Germany's Ruin--Von Bernstorff

(By The Associated Press)
BERLIN, Nov. 28.—"Germany's old system of government spelled her ruin but unfortunately all of us share the blame because we consented to this system for so long," declares Count Von Bernstorff in his periodical, Democratic Germany in a sharp criticism of the former kaiser's recently published memoirs.

Count Von Bernstorff finds the ex-kaiser's book leaves three impressions with the reader—regret that it was written, surprise at the "bourbon mind, which learned nothing and has forgotten nothing" and its "historic inaccuracy," combined with a feminine conception of things in which the personal stands always in the foreground.

The former ambassador takes issues with William over the progress of events in November, 1918 declaring he has given just a one sided version as did the former crown prince in his memoirs. He denies that Prince Maximilian of Baden forced the kaiser out as the latter charges adding that the chancellor was not so completely in the hands of Scheidemann, as William has assumed. "Naturally," Count Von Bernstorff continues, "Maximilian hid to deal with Scheidemann if he wished to prevent the revolution."

FRANCE MAY BE FORCED TO ACT AGAINST GERMANY

Feeling Growing Independent Measures Must be Taken

(By The Associated Press)
PARIS, Nov. 28.—Although the majority of the members of the Reparations commission are opposed to Premier Poincare's plan for direct action for the collection of the German indemnity there is a growing feeling that the French government soon will be in a position where it will be forced to take independent measures against Germany.

The impression is based on the uncertainty as to whether the proposed interallied financial conference at Brussels actually will take place and there is still greater uncertainty over the prospects of agreement if the meeting is called.

What action France intends to take with respect to German reparations if the Brussels conference fails thru, is not officially disclosed, although details of the supposed plan of the government are published fully by the newspapers.

Two important meetings have been held, one yesterday at which President Millerand presided with Premier Poincare, Louis Barthou, president of the reparations commission Marshal Poch various cabinet ministers and experts present and the other a full cabinet council today.

An official communique issued after the cabinet council merely says:

"M. Poincare informed the cabinet about the meeting held yesterday with regard to which the most inaccurate information has been published."

The foreign office, taking cognizance of these reports, has authorized The Associated Press to make the following statement:

"The information given in the French newspapers this morning relative to the discussion yesterday is inexact. As a matter of fact, no decisions were taken in regard to what action France would take if she failed to obtain satisfaction at Brussels."

"What actually took place at today's meeting and at today's cabinet session was an exchange of views in preparation for the Brussels conference. There was no question of the cabinet giving its approval to the plan this morning as reported."

The foreign office would disclose no details of the two meetings.

ISMET PASHA OBJECTS TO MUDROS ARMISTICE

(By The Associated Press)
LASAUNNE, Nov. 28.—Ismet Pasha objected today in the near east conference to references to the Mudros armistice (signed by the allies and Turkey in 1918) and insisted that the Mudros armistice relating to the Turkish-Grecian war was regarded by the Kemalists as the only one under which they were operating.

This brought a protest from Lord Curzon, who said Great Britain certainly regarded the armistice which the Turks made at the end of the great war as still in force and could not accept the suggestion that mention be made only of the Mudros armistice.

Ismet Pasha and former Premier Venizelos engaged in a long discussion of the claims Turkey and Greece have against each other. Ismet insisted upon reparations from Greece for the losses suffered by Turkey, when, as he put it, the Greeks retreated rapidly and destroyed the Smyrna area.

M. Venizelos said that if the claims were pushed, Greece would insist on having payment of the expenses of Greek occupation of Turkish territory at the request of the allies. He added that Greece could file claims against Turkey for the losses suffered by the Greek refugees driven from Turkish territory, which far exceeded any sum Turkey could compile and suggested mutual abandonment of the damage claims.

The Ottoman debts also were discussed.

TWO CHILDREN DIE MANY INJURED WHEN SCHOOL HOUSE BURNS

Teacher Was Badly Burned
Directing Pupils to
Escape

(By The Associated Press)
COVINGTON, Ga., Nov. 28.—Two children were burned to death and more than a score of others had narrow escapes from a fire that destroyed the High Point school about seven miles south of here today.

The children who lost their lives were with about 40 others trapped on the second floor of the building when their exit was cut off by the fire which started on the first floor and many of those who escaped with their lives were seriously burned before jumping to safety. Many others suffered serious injuries.

Mrs. Oscar Grant, who had charge of the pupils on the upper floor, was so severely burned in directing the escape of the children that fears are expressed for her life. When it was discovered that the fire had cut off their own means of safe exit, Mrs. Grant gathered the children about the windows and directed them in jumping to safety until all but two were out of the building. She then jumped thru the flames and was so seriously burned that she was rushed to an Atlanta hospital on the first train.

An eight year old child of Charley Bachelor and the child of John James Field were burned to death.

POLICEMAN KILLED IN BATTLE WITH BANDITS TUESDAY

One Bandit Also Killed and Another Attempts to Suicide

(By The Associated Press)
COLUMBUS, O., Nov. 28.—From the recesses of a stolen automobile, four bandits early this morning shot two Columbus policemen, killing one of them.

Tonight, one of the four bandits had been shot dead, two had been captured following gun fights with police posses and one was still at large.

The dead are: Patrolman G. P. Koehler, of the Columbus police force.

A bandit, known to his pals only as "Bill,"

The injured are: Police Corporal R. C. Middle of the Columbus force.

James Martin, 35, one of the bandits, who attempted suicide when about to be captured by a posse.

The dead bandit was found in his gang's abandoned automobile this morning near West Jefferson, 15 miles west of Columbus. He evidently had been struck by bullets fired by Corporal Friddle, as the police officer lay injured on a sidewalk emptying two revolvers after the bandits' fleeing car.

Two of the bandits, Martin and "Loomie" Cummins, were captured this evening following a gun fight in the woods near Lilly Chapel, about 20 miles southwest of Columbus. The fourth member of the gang, described by Cummins as being Edward Lewis, a noted postoffice robber, was still at large.

Cummins told police that Lewis was the member of the gang who had shot the two policemen. Cummins gave his home as Cleveland.

When a posse of Columbus police officers closed in on Martin he dramatically pointed a revolver at his head and fired in an attempt at suicide. Physicians say he and Corporal Friddle will live.

Reports were received tonight that the fourth bandit had been captured by the posse but at a late hour he had not been brought to police headquarters. The four bandits started the battle with the officers this morning after they had been arrested at the request of Cleveland authorities for having stolen the car in which they were riding. They opened fire on the officers with a gun taken from under the cushion of the car while the police patrol was being called. They sped away after killing Koehler and Corporal Friddle lying on the ground, fired a fusillade from two pistols he had taken from them.

In a confession to authorities, Cummins is said to have declared the men formerly were employed by a detective agency as mine guards in the Pittsburgh mining district. They were enroute from Cleveland to southern Indiana, he said, to rob a bank there.

AMERICA ASKED BY CLEMENCEAU TO SAVE FRANCE

Tells Chicago Audience His Country Wants Peace

(By The Associated Press)
CHICAGO, Nov. 28.—Standing with outspread arms before an audience that crowded the Auditorium, Georges Clemenceau today pleaded with America to save France from possible extinction. Seeking to explain charges of militarism and imperialism brot against his country, the old tiger declared that France sought only peace, but that war was being forced upon her.

"If France does not get the help that she needs," he declared in emotion laden tones, "she may perhaps disappear. Athens was a democracy, very great and very fine. She disappeared. And if France were to disappear I believe that some day the people would begin to look around and ask if something had not disappeared that had brought light to the world."

The audience hung on every word interrupting the former premier twice to get him back behind a loud voice which would carry his weak voice thru the big house. He was interrupted frequently by applause.

Clemenceau took for his text the epiphany that he had read last week on Grant's tomb in New York, "let us have peace."

"General Grant, when he uttered those famous words, knew very well that before there could be peace there must be war," he continued.

"It is a great pity that war is so cruel; that it brings with it bloodshed and things we hardly dare think of now. Nevertheless, that was really a beautiful and inspiring theme, when men were ready to give their lives for a great cause; when they were ready to die for a world—a world which represented the finest and most exquisite part of human heart and thought."

"But that is done. It is now our mission to reason with and convince others. We must approach autocratic power in some way or other and convince that power that it should get behind our cause."

"Therefore let opinions speak. Let us reason with each other, discuss with each other; but let us strive to achieve what moves the world—truth, justice, liberty and right."

Asserting France continually had been called militaristic and imperialistic, the tiger declared he had determined to give some official figures to show why France felt that she must maintain a large army at least until she could obtain guarantees of her safety from the United States and Great Britain.

What Germany is Doing
He first repeated figures concerning France's war losses in killed and wounded and in devastation of her homes, factories and mines. Then he plunged into the subject of arms and munitions which he declared had been hidden away in Germany for the next war.

"I have said on very good authority—and in this I have been criticized that almost every day in Germany we find guns, machine guns, guns of every description," he asserted. "I have quoted two or three authorities on that and I have been told that was a lie."

"I did not know I was lying but if it is necessary I will bring my informants, all honorable men, to bear witness and we will know who is speaking the truth."

"I have written this down and I will have the whole document printed. I wanted to read a few lines to you. This is official:

"One hundred and fifty cannons, the 105s, also 243 howitzers enough to equip two army corps have been discovered by the allied commission in Germany." That is one fact that I quoted and it was denied. Thirteen large field guns were unearthed January 16, and 3,000 of the smaller field pieces have been uncovered and marked."

CHILDREN CHALLENGE LEGALITY OF ADOPTION

(By The Associated Press)
NEW YORK, Nov. 28.—The children of the late Park Benjamin, international lawyer and father-in-law of Enrico Caruso, today challenged in court the legality of their father's adoption of Anna Bolchi Benjamin, whom they accuse of having turned him against them.

Contesting their father's will, which cuts them off with a dollar each and leaves all the \$400,000 estate to the young immigrant whom he sought to adopt, the children thru their counsel appeared before Surrogate Cahalan on a motion made by Anna Bolchi Benjamin to vacate an order requiring her to submit to an oral examination in advance of trial of the contest.

A THOUGHT

Rest in the Lord, and wait patiently for him.—Psa. 37:7.

A life without a purpose is a languid drifting thing; every day we ought to renew our purpose, saying to ourselves: This day let me make a sound beginning, for what we have hitherto done is naught.—Thomas a-Kempis.

GETS RESULTS (NEA)

Rubber heels now are worn on 60 out of each 100 pairs of shoes worn by men. Such is the estimate going the rounds in the shoe industry.

It is not surprising, if you have noticed how many men wear rubber heels. But maybe you remember back only a few years when rubber heels were unusual.

What brought them into popularity?

The answer is—Advertising.

RIALTO

Burkthorpe Bros.

NOW PLAYING

Three-fourths of the rubber heels sold are for men's shoes. This is because most of the advertising has been directed at men.

One of these days some wise manufacturer of rubber heels will notice this. Then he'll call in the advertising man and his staff of writers and artists.

Campaigns will follow. And soon women will be wearing just as many rubber heels as men.

It's all a matter of advertising—the most powerful force in the sale of goods. The ideal combination is advertising, which reaches consumers' brains through their eyes, and personal salesmanship, which reaches less vividly through the ears.

Our present standard of living is largely the creation of advertising. For advertising creates the demand, makes people want the thing advertised. When the lure becomes powerful enough they hustle about and get the money to obtain what they want.

Advertising thus spurs sales. It also stimulates production—both of the things advertised and the things that have to be done on a bigger scale to obtain money for purchasing advertised wares.

There is a new thought for you—that advertising is a definite agency of production. Most of us have been thinking of it merely as a medium of salesmanship.

Advertising is what is making us buy. Advertising is what is enabling us to buy. It creates the demand. And the demand induces us to work harder to get the money to spend. If all advertising were abruptly discontinued, the American standard of living would quickly drop to the levels of grandpa's day.

Read the ads. They are a part of the news, telling the intimate story of the average American's inner desire. The real history of civilization is written in ads.

BERTON BRALEY'S DAILY POEM

The Cause

By Berton Braley

(The people have too much money.—Vice President Coolidge)

FOR years we've wondered what it was
That caused the troubles of this nation.
We've agitated, altered laws,
And done much deep investigation
To find the cause of various ills.
With which the people were afflicted.
The source of these, however, till
Just recently was undepicted.

It took the mastodontic brain
Of Coolidge to reveal the reason,
And logically to explain
Why, season after dreary season,
We suffered from a lot of woes
Which made our tempers far from sunny;
"The cause," says Coolidge, "I'll disclose,
The people all have too much money!"

THE folk who fancied they were poor,
And fighting for mere food and shelter,
And clothes, were really on a tour
Of spending money, helter-skelter.
Yes, we were getting overtaken
From too much milk and too much honey,
So now we know where we are at;
The people all have too much money!

WE laugh, but underneath our mirth,
Our anger rumbles, and we mutter,
"What is a man's opinion worth
Who has the fatuous nerve to utter
Such tragic nonsense?" Smile we may,
But none the less it isn't funny
That any grown-up man should say,
"The people all have too much money!"

HI Y BOYS DISCUSS GRAFT AND CHEATING

At the regular weekly meeting of the Hi Y club last evening the subject for discussion was "Graft and Cheating," six boys reporting on questions related to high school problems of the type indicated by the topic.

The meeting was held for the first time this fall at Northminster church, a 5:15 supper being served under the direction of Mrs. John Joquin by the ladies of the church. There were 54 boys present.

Prior to the discussion of the lesson the boys voted to boost the sale of tickets for the Thanksgiving game between Jacksonville high school and Western Military academy and a number of boys will volunteer to sell the tickets. After the report on topics were received, topics for the next week were assigned, and J. S. Findley discussed the week's subject as brought out in the reports. Sergeant at Arms John Hackett again administered the slappers, this time to six lads, and the meeting adjourned. Secretary Findley conferred for a few minutes following with three boys who were not able to attend the meeting Sunday relative to the trip Friday to the older boys' conference at Peoria.

LOCAL KNIGHTS CONFER DEGREE

Team from the City Exemplified Third Degree at Effingham Sunday—Forty Candidates in Class.

The degree team of Jacksonville Council 868, Knights of Columbus under the direction of John J. Perry, district deputy, conferred the third degree on a class of forty candidates in Effingham Sunday. The degree team of Effingham council conferred the first and second degrees.

The meeting was held in the Masonic temple in that city and there was a large number in attendance. The principal address at the banquet which followed the work was made by E. J. Doyle of Effingham. A Lutheran minister of Effingham also made an address.

In addition to Mr. Perry, local men making the trip were John T. Roach, John M. Roach, D. Scott Sweney, H. B. Lavery, John E. Fogarty, Joseph E. McGinnis, P. J. Lonergan and Carl P. Hamilton.

All stores of Jacksonville will be closed all day Thanksgiving, Nov. 30th, except drug stores, restaurants, confectionery stores, hotels, oyster houses and places of amusements which will close part of day.

BRIDGE LUNCHEON AT WINCHESTER HOME

Pleasant Social Affair Tuesday Afternoon was in Honor Mrs. Russell Redshaw—Other News Notes from Winchester.

WINCHESTER, Nov. 28.—Mrs. W. L. Bagshaw, Mrs. James Edmonson and Mrs. Julia Muir entertained about sixty ladies at a bridge luncheon at the home of Mrs. Bagshaw Tuesday at 1 o'clock. The affair was in honor of Mrs. Russell Redshaw, who is a November bride. Luncheon was served at 1 o'clock and bridge enjoyed for the remainder of the afternoon.

The Bagshaw home had been tastefully decorated with chrysanthemums and carnations and the occasion was in every way a delightful one. Among the out of town guests were Mrs. S. W. Babb and Miss Esther Davis, both of Jacksonville.

Fred Neat met with a painful accident Monday afternoon about 6 o'clock, when he stepped out of the side door of his store and fell into an opening about 8 feet deep, left open by workmen building the Neat & Condit bank. Dr. Fletcher was called and found that no bones were broken, Mr. Neat had sustained a sprained ankle and a number of bad bruises.

The Royal Neighbors held a special meeting Tuesday evening. After the work refreshment / and a social time were enjoyed.

Mrs. Newton Dawson will leave Wednesday for Galesburg where she will spend Thanksgiving with her daughter, Mrs. Roy Welch, and family. She will be joined there by her daughter, Miss Louise Dawson, who is attending the business college in Quincy.

OLD JACKSONVILLE

WHERE DID THEY GO.

(BY ENSLEY MOORE)
Member Illinois State Historical Society

When old acquaintances meet, and talk over other old acquaintances, they continually ask "Where did So-and-So go?" It is often a hard question to answer.

B. F. Ballard was a student at "Bateman School," the old West District, where the High School, is now.

Frank as he was known, was the son of the Rev. John Ballard, of Perry, Pike county, pastor of the Presbyterian church there. The boy spent the school year 1856-7 here, boarding in what was afterwards "the Kinnaman house," the brick house on the north side of West College avenue; between West and Church streets; in 1857-8, Frank boarded with his guardian, at what is now 856 W. State street. Next year he was in Pittsfield, and the next he was in Boston, Massachusetts, with his uncle, E. P. Whittemore. Next the youth was graduated from Amherst College, and came back to old Pike in 1870, or thereabouts. He was a brother of John A. Ballard, of the Class of '60 Illinois College.

Frank read law with Col. Asa C. Mathews, and started after his fortune, in the Indian territory, and landed at Floresville, Texas, where he is today a prominent citizen. He found his best fortune down there, in his bright wife, a relative of Gen. Sam Houston, who brought the Empire State of the South out from Mexican rule.

A few of us are left, who knew the Ballards.

Picture Takers. It is not so long ago that photography then called daguerrotypy, was a wonder, not only to children, but also to their parents. Among the earliest of these "artists" was a man named Rivers, who had a "gallery" on the East Side of the Square.

Mr. Rivers was above the average operator of those days—in the early fifties—and a credit to the "Athens of the West," where he went to is more than this writer can tell.

In those days another Rivers, perhaps related to our man, was a leader in the same line at 9th and Chestnut streets, in Philadelphia, Pennsylvania.

A. W. Cadman, a quiet little man, used to make "ambrotypes" over Woodman's "Philadelphia Store," at the

southwest corner of West State street and the Square. The writer has forgotten where Mr. Cadman went to.

Robert Gledhill succeeded Mr. Cadman, and ran the "ambrotype" and "tintype" business, over Woodman's. Gledhill went to Jerseyville, this state, and "took people" for some years after leaving here.

If recollection is not at fault, Dr. G. Y. Shirley, afterward dentist and homeopathist, took daguerrotypes at a nearby date. He left here about the end of the Civil War. His son Henry B. became a physician, and he, and another lived in White Hall, Greene county, until quite lately. Everybody knew

George Campbell and Insko Williams

who used to be over "Bancroft's Store" at the northeast corner of the Square. George came from up about Pekin, was a bachelor, and disappeared so far as deponent can state.

Insko Williams had a wife, and lived on Caldwell street; but where he went to is also an unknown fact to the deponent.

Capt. C. Augustus Catlin succeeded them, after the War. He was graduated into the insurance business.

"Gus" uncle, Willis Catlin also degenerated at one time. He turned bookseller. Both saw their last earthly days here.

Wm. H. H. Dumars used to be a striking stylish-looking young man. The family lived up just west of the "Deaf and Dumb," but they left here after the War.

John Kibbe Lathrop was a well known boy and young man, son of John W. Lathrop the drug goods merchant, and brother of Edward B. Lathrop, a good fellow. John went back East somewhere near where his Yankee parents came from, "Ed" went to Chicago, became a banker, married Miss Kate Abbott and he went to a better place a few years ago. Lathrop Ward carries the name now.

D. Patnam Jenkins clerked for Robert Gledhill, in the drug business, for years, along with C. A. Catlin. The latter "went out" with the 101st Ill. Infantry; and "Pat" went down to New Orleans, and made a lot of money. He was back here, after the War, but the writer lost sight of him.

BIRTHDAY OF TROOP CELEBRATED TONIGHT

Troop 2, Oldest of Local Scout Organizations, Reaches Eleventh Anniversary.

A birthday party for the troop is the plan of Troop Two, Boy Scouts of America, members of which will gather tonight at the home of Junior Barr, 211 North Prairie street in honor of the eleventh anniversary of the organization. Games, music and refreshments are part of the program.

Organization of the troop in 1911 was initiated by H. A. Brewer, then director of the Y. M. C. A. The troop has now on its rolls eight veteran scouts, each having five years service. The troop meets each Wednesday evening in the Chamber of Commerce rooms.

The members of Troop Two are: Roscoe Godfrey, Samuel Osborne, Tom Buckthorpe, Claude Cook, Clyde Cook, William Kitzner, Henry Irving, George Schmalz, George Arding, Robert Reid, Arthur Bergstrom, William Randall, Junior Barr, George Wetzel, Theodore Wetzel, Robert Brown, Chester Domke, Sheldon Nickol, Carl Mason, Clarence Boruff, Willard Johnson, Lloyd Harrison, Melchi Hart, Allan Kelly, Gilbert Snyder, William McNamara, Russell Smith, Edward Young, Floyd Sanders and George Dodsforth.

The Troop committee includes Dr. R. B. Buckthorpe, E. E. Crabtree and J. S. Hackett, the latter a member since the organization eleven years ago. The other officials of the troop are Harry E. Walker, the scoutmaster, who is serving his sixth year as the head, Albert Arter, Maurice Johnson and William McCarty, as assistant scoutmasters, Robert Reid, as Senior Patrol leader, Henry Irving, as troop bugler, and Arthur Bergstrom, as scout scribe. Assistant scoutmaster William McCarty is at present in Wyoming but still connected with the boys.

YOUTH KICKED IN MOUTH BY HORSE

Arenzville Young Man in Serious Condition—Was Knocked Unconscious—Mouth Bodily Crushed.

As the result of being kicked in the mouth by a horse thought safe, Raymond Lovekamp, 18, son of Mr. and Mrs. H. C. Lovekamp of Arenzville, is lying at Passavant hospital in serious condition, following a complex operation by Dr. W. P. Duncan to set the broken jaw and provide for the proper healing of his badly crushed mouth.

The young man was not found until some time after he was knocked unconscious by the horse. No reason could be found for the unexpected and vicious kick. Following first aid treatment by Dr. Streuter of Arenzville, Lovekamp was brought to Passavant hospital Monday night.

Clyde Buler of Palmyra was in the city yesterday calling on his wife who is a patient at Passavant hospital.

GIVES FACTS ABOUT TYPHOID SITUATION

City Health Officer Brokaw Declares Present Cases Due to Contamination of Private Wells

There are eleven cases of typhoid fever in the city at present time, and all of them due to contamination of private wells, according to the statement of Dr. R. V. Brokaw, city health officer. In referring to local conditions last night, Dr. Brokaw said: "The city water supply is perfectly safe for drinking purposes, and this should be used wherever possible."

Any private well in the city may be subject to contamination by typhoid fever germs under the present conditions. The appearance and taste of water is no indication of its sanitary quality. The best tasting water is sometimes the most deadly. If there is any question about the safety of your water supply, boil it. It is unnecessary to have typhoid fever in these days of successful anti-typhoid inoculations.

The present cases have been isolated and most of them are in the local hospitals. The health department is taking every precaution to prevent a further spread of the disease.

Instant Quaker Oats

Cooks to perfection in 3 to 5 minutes

The Quick Style

The quickest-cooking oats in the world

Now your grocer has Instant Quaker Oats, as well as the regular Quaker.

The Instant cooks in a hurry. It cooks to perfection in 3 to 5 minutes.

It is the quickest-cooking oats in the world.

Thin flakes, partly cooked

In flavor and quality the two styles are identical. Both are flaked from queen grains only—just the rich, plump, flaky oats.

We get but ten pounds of Quaker Oats from a bushel. And that super-flavor has made this brand the leading oat dish the world over.

But in Instant Quaker the oats are cut before flaking. They are rolled very thin and are partly cooked.

So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

Now Quaker Oats offers you two great advantages. It offers you flavor which no other oats can match. And it offers, if you wish, the only oats that cook in from 3 to 5 minutes.

For one or both of these reasons you want Quaker Oats. Be sure that you get it, and get the style you want.

Regular Quaker Oats

Come in package at left—the style you have always known.

Instant Quaker Oats

RESULT OF ELECTION GIVES MAN BRIDE

(By The Associated Press) OMAHA, Neb., Nov. 28.—Miss Anna Pankov of Sterling, Nebraska today made good a promise to Harry M. Lux, of Lincoln, state manager of the Non-Partisan League, that she would marry him this year if R. B. Howell, Republican and Charles W. Bryan, Democrat, were elected senator and governor, respectively.

Prior to the election November 7, in which Mr. Howell and Mr. Bryan had the support of the Non-Partisan League, Miss Pankov said if they were defeated she would insist on waiting another year before becoming Mr. Lux's bride.

BOARD OF ALDERMEN APPROVE HYLAN STAND

(By The Associated Press) NEW YORK, Nov. 28.—The board of aldermen today adopted a resolution approving the stand taken by Mayor Hylan in ordering Police Commissioner Enright to drive the Ku Klux Klan from the city.

The resolution described the Klan as "a menace which has scourged the south and west of this country has a last reached the city of New York and is endeavoring to work havoc and disaster in our midst."

It is said that the Klan "thru one of its hirings, has openly declared the intention of that organization of capturing this city."

KU KLUX KLAN HAS NEW IMPERIAL WIZARD

(By The Associated Press) ATLANTA, Ga., Nov. 28.—Or. H. W. Evans of Dallas, Texas, was elected Imperial Wizard of the Ku Klux Klan today by the Imperial Klionvocation, to succeed Col. W. J. Simmons, founder of the present Klan organization.

The new office of emperor was created for Colonel Simmons to which he was elected for life.

E. Y. Clarke, who has served as imperial wizard pro tem during several months' illness of Colonel Simmons, was named imperial giant.

GIVES RULING ON STORING OF TRUNKS

Springfield.—The storing of trunks and large packages for hire by banks in connection with renting safe deposit boxes and vaults does not bring such a bank within the act regulating storage warehouses, according to D. L. McKenney, chief of the warehouse section of the Illinois Commerce commission.

In reply to a bank which asked for a decision on this matter, Mr. McKenney said:

"It would appear from this situation that the bank intended in no way to enter the business of storing personal property for hire but that the facilities afforded its depositors, clients or renters of safety deposit vaults were simply incidental, and an extra service rendered particular persons, and not holding out to the general public of such facilities, or an intent to undertake the business of storing personal property for hire within the purview of the act in question."

I. S. D. WILL PLAY AT GIRARD TURKEY DAY

Coach Burns' Team Will Find Hard, Tough Foo In Macoupin County Team—Men Are In Good Condition for Play.

Coach Burns' I. S. D. football team will be the attraction at the Turkey day game at Girard. Girard has been going strong of late and the I. S. D. boys probably will find her one of the toughest foes faced this season.

Girard has an especially strong man in Fullback Whittier. This player is one of a long line of the same name that have played on the Girard High team and all have been men of high class. His brother is at present fullback on the Eureka college team.

Whittier's specialty is line bucking and the I. S. D. line will have its work cut out to stop him. But if Burns' men play like we have seen them play they should do that very thing.

I. S. D., suffered a slump after the game with Missouri School for the Deaf and did not look like the same team against Routt last Saturday. However, Massinkoff was not in the lineup and that had an effect on the team play.

Massinkoff will be in there tomorrow and we imagine Girard will find him a hard problem to solve. He is undoubtedly one of the best runners we have seen in a broken field and he uses his head and speed at all times.

The I. S. D. squad has been put thru a strenuous drill this week by Coach Burns and he believes they will show their true form in the game at Girard. This will be the big game of the season for Girard and it is expected that the game will be witnessed by a large crowd.

Ralph Bowen of this city will referee the game. Mr. Bowen has worked in several games for Girard and also worked the Missouri game here and no doubt will give satisfaction to both teams.

J. H. S. PLAYS LAST GAME TOMORROW

Meets Western Military Academy On Illinois Field—Locals Not in Good Shape.

Coach Mitchell's Jacksonville High school football squad will meet the strong Western Military Academy team of Alton on Illinois field tomorrow afternoon in the last game of the local season.

The red and white is not in good shape for the game. The injury to Hunt necessitated a number of shifts and while the combination is working well, it lacks the coordination that marked the team's play with Hunt in the game. It also took a lot of split out of the men for the accident happened just as the local

team was hitting its strongest opponents.

Arnold is now occupying the quarterback position and considering that he never played in the back field before is doing well. He is a strong runner and carries the ball well. Taking Arnold out of the line necessitates several other shifts in the forward wall but the line is playing a good game.

Coach Mitchell might find some consolation in the fact that Staunton high school defeated Western Military academy last Saturday by a score of 13 to 7. It was a bad upset of dope but nevertheless shows that the academy team is not invulnerable.

The high school game is the only attraction in the city thanks giving and the largest crowd of the season should be out to see the contest.

LEWIS SIGNS TO MEET ZYBSZKO

St. Louis, Mo., Nov. 28.—Ed ("Strangler") Lewis, world's heavyweight wrestling champion, and Stanislaus Zybszko, former champion were signed to meet in a championship match here December 14. It was announced tonight.

The conditions of the match provide for a bout to the finish with two out of three falls deciding the owner of the championship belt. It was announced that a purse of \$9,000 would be distributed 75 per cent to the winner and 25 per cent to the loser.

ISSUES STATEMENT ON COURT MARTIAL

(By The Associated Press)
ATHENS, Nov. 28.—A statement issued by the court martial which condemned to death the former ministers giving the reasons for imposing the sentences of death says in effect that the defendants knowingly concealed from the people the danger involved in King Constantine's return to the throne, and that, although Greece was breaking away from her alliances, they did their utmost to consolidate Constantine's throne in order to enjoy office under him.

"By terroristic methods," the statement adds, "they stifled all public opinion contrary to them, arranged with General Hadjanestis a pretended offensive against Constantinople and thereby brought about the enemy's offensive and the collapse of the Greek front in Asia Minor, thus deliberately delivering a large part of the army into the enemy's hands."

"They therefore were convicted, in accordance with several articles of the military and penal codes of conspiring to commit high treason."

An official announcement issued after the execution of the ministers says:

"The sentence of the court martial was delivered this morning. Messrs. Gounaris, Baltazis, Theotokis, Propadakis, Stratos and General Hadjanestis were condemned to death and were executed this morning."

"General Stratigos and Mr. Goudas were sentenced to penal servitude for life."

Mrs. Fern Buck of Rushville is spending Thanksgiving at the home of Mr. and Mrs. Henry Taylor on Center street.

A DELIGHTFUL ROW. "My wife had suffered from stomach and liver trouble for many years and had taken medicine enough to sink a ship; so when I brought home a bottle of Mayr's Wonderful Remedy, on the advice of my employer, she refused to take it. Her liver trouble hadn't helped her disposition any. We had a big row, but she took it the next week. Her ailments have all disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

About two per cent of automobile accidents are caused by defective machinery, such as defective brakes, loss of control, etc.; about twenty five per cent is attributed to speeding and recklessness, and approximately fifty per cent to defective vision. Many drivers of machines admit, that they did not see the other car until it was too late to stop.

The three defects causing most of the accidents due to faulty vision are far and near sightedness complicated by astigmatism and a restricted vision and night blindness.

THE WOMAN OF POISE.

Once a rarity is now to be observed and admired upon every hand. Indeed, no other woman can flourish long in the midst of this modern, complicated life. In the home, in business, in social life the woman who is serene and confident wins, while the nervous, flustered individual wastes her talents and gets nowhere. Of course poise is dependent mainly upon sound health and steady nerves. If you feel that you are being kept back in this way, why not turn to that great woman's remedy, Lydia E. Pinkham's Vegetable Compound, which was manufactured from a thorough understanding of the nervous system of women?—Adv.

FORMER RESIDENT WINNING HONORS

The clipping, printed below, from the Tuscola Journal of a recent date will be of interest to many local people. Lee Hagood will be remembered as the second oldest son of Mr. and Mrs. Frank Hagood of 304 Ashland avenue, Jacksonville. Until four years ago he made Jacksonville his home, and at that time he moved with his parents to Bloomington, Ill. Lee was a member of the 1922 Rotary Follies which made a great success in several cities including Decatur and Chicago.

"Tuscola Journal, Tuscola, Ill.:

One of the pleasing features of the American Legion dance at the Elmore pavilion on Saturday night last, when there were about 700 or 800 people present, many being spectators, was the singing of popular songs by Lee Hagood, a Bloomington, Ill., boy, who is but 16 years old. He has a remarkable voice, which carried distinctly to all parts of the large pavilion and he was applauded again and again. During the evening he was called for at three different times and his songs and his manner of singing made a hit.

Lee is a brother of Frank Hagood, who is with the Nu-Way Cleaning establishment, which was recently bought by R. L. Collins, a Bloomington man. The latter had him come here for the occasion and the members of the Legion wish to thank him for this added attraction for the evening. Mr. Collins states that this boy recently sang before an audience of 27,000 people in Chicago, being called back several times.

You Can Buy the Very Phonograph That Amazed Jacksonville.

The New Edison which sustained the test of direct comparison with Sibyl Sanderson Fagan's living performance at Northminster church, Thursday, the 16th, was not a special exhibition model. Reports to this effect are not true to facts. The instrument was an Official Laboratory Model taken from our own stock.

A similar test, applied to each Official Laboratory Model in our stock, would prove the uniform perfection of these remarkable phonographs.

Perhaps you were one of those in Thursday's audience who thought how enjoyable it would be to have a phonograph just like that for your very own. You can have an Official Laboratory Model—to perform in your own home the miracle demonstrated last Thursday.

The NEW EDISON "The Phonograph with a Soul"

May we show you, at the store, the unbelievable realism of the Official Laboratory Model? Let us tell you about the Budget Plan, which will bring this model to your home for a small cash payment, the balance arranged to suit your convenience.

Note:—The test at Northminster church Thursday, made by the world-famed whistler, Sibyl Sanderson Fagan, proved that the New Edison alone can Re-Create music. The artists sang and whistled in direct comparison with the Re-Creator of their art—there was no difference. No other phonograph has ever sustained this test.

CLUTCH OF ICE

The fish in this pen-picture by Artist Satterfield is a salmon trout, most beautiful form of life in Canada.
This salmon—Ojibway Indians call him "namaycush"—is sportively leaping from the water, getting exercise and expressing his joy at being alive. He is near shore, in shallow water, where he is guarding the eggs recently laid by his mate.
Ice already is forming along the edges of that shore. Soon the lake will freeze over, solid and thick, like a burial under the soil. But when spring comes and the ice melts, the salmon will leap into the air again. And the eggs will have hatched into thousands of young salmon, instinctively following one leader.

Such is the whole spirit of winter, now creeping down from the Northland. Study Satterfield's pen-picture. Grass and even reindeer moss are covered by snow. In the distance you see tree trunks, leaves all gone, rising dimly like rib bones of a half-buried giant's skeleton. A few trees—evergreens—stand out, symbols of life eternal.

It is a beautiful scene—but cold, dreary and dismal except to a philosopher.
For winter symbolizes death, the creeping thing that buries all life.

But winter will pass and plant life will boom again as surely as the buck salmon will leap forth when the ice goes out.

Apply the idea to human death, and you can contemplate the Veiled Future with serenity, trustfulness and calm.

**IS OPPOSED TO
NEW CONSTITUTION.**

Editor of Journal:
Dear Sir—As a member of the legislative committee of the Illinois State Medical society it was my privilege and duty to follow the deliberations of the constitutional convention. I wish to submit the following, being a part of Article VII of this proposed constitution and dealing with the proposed state income tax.

Article VII—Revenue and Finance. Section 142. In lieu of any tax on intangible property or any kind or class thereof, by valuation the general assembly may provide a uniform and substantial tax on the income derived therefrom. The rate of such tax shall be uniform on all incomes taxed under this section.

Section 143. A general income tax may be imposed upon all net income. If such income tax is graduated and progressive the highest rate shall not exceed three times the lowest rate.

Section 144. Taxes on incomes shall be levied and collected by the state. The revenue raised under the general income tax shall be apportioned to the state and to the taxing bodies as the general assembly may prescribe. Of the revenues raised under any income tax imposed under section one hundred and forty-two of this constitution, there shall be used for state purposes the same percentage as is used from the total revenue from taxes by valuation and the residue shall be returned to the respective counties from which it was collected to be distributed among the taxing bodies thereof as provided by general law.

Section 145. Exemptions and deductions may be allowed as follows and not otherwise: First the following classes of property and the income therefrom may be relieved by general law from taxation, (1) public property, (2) household furniture used as such up to five hundred dollars in value, (3) personages owned and used as such, (4) property used exclusively for (a) agricultural and horticultural societies not organized for pecuniary profit, (b) incorporated societies of war veterans, (c) cemeteries not held for private profit and (d) school, charitable and religious purposes. Second, if a general income tax is imposed as authorized in section one hundred forty-three of this constitution, the general assembly may provide: (1) an exemption of all household furniture and implements of agriculture and labor used as such without limit as to the amount, (2) an exemption from income derived from personal service of not to exceed one thousand dollars, to the head of the family plus two hundred dollars for each dependent child under the age of sixteen years, and not to exceed five hundred dollars to any other person, (3) Such deductions as shall compensate for taxes on

property from which the taxed income is derived or in lieu of a tax by valuation or for taxes paid under section one hundred forty of this constitution. Those who have had experience with the federal income tax need not be reminded that this additional state income tax is a measure towards taxing legitimate industry and business out of existence in this state.

Read sections 143 and 144. They mean just what is written therein and the explanations apologies and camouflage of all the advocates of this constitution in the state will not change or alter one letter of these sections if this constitution is adopted.

As an example of the political sop and jokers with which this proposed constitution is loaded, I wish to call your attention to the exemption from the state income tax of personages owned and used as such. In their great wisdom the framers of this constitution were fully informed as to the fact that a church parsonage owned and used as such was a great revenue producer, therefore this saving to the church membership in exempting the large amount received from such church parsonage was a marked concession. Where in the State of Illinois is there a church parsonage that is used for financial profit? You do not see anything in this law that exempts the minister's salary who serves the church, that owns the parsonage? No. He pays just the same as the rest of us, and his occupancy of the church parsonage is a part of his salary, he pays the tax on the investment in the parsonage.

As it would require the full space of this newspaper to do justice to this taxation feature alone, at this time I will not consume any more of its space.

Very respectfully,
EDWARD BOWE.

About Battery Life Insurance

The wording of a battery life-insurance policy may sound pretty good, but you can be sure it isn't a bit better than the company back of it.

The great strength of Willard Battery insurance is in the reputation of the Willard Storage Battery Company for building the right kind of product, and then backing that product by the right kind of policies, and the right sort of an organization.

Our service is the Willard Standard in every particular—and that means caring for all makes of batteries alike—and giving all owners the same prompt, courteous service.

WOLFE FOOLS EXPERTS BY GREAT COMEBACK

They seldom come back in any sport after once being labeled "all in."

Jack Wolfe, the clever little bantam fighter, is one of the few exceptions. Wolfe is once more basking in the pugilistic spotlight.

Last December Jack Wolfe, Cleveland veteran of 12 years of ring campaigning, was slated for the pugilistic graveyard. He had been horribly mangled in an automobile accident and surgeons opined that he would be a cripple for life—if he lived. As for boxing again such a thing was too preposterous to consider.

But Wolfe has fooled everybody. Three months after he left the hospital Jack started training for a comeback. After engaging in a half dozen minor contests the little Clevelander was matched to box Frankie Jerome, Billy Gibson's unbeaten batman, at Tex Rickards' Velodrome in New York.

Jerome got the jump on Jack and dropped him repeatedly in the first round. Wolfe gamely struggled to his feet without taking a count after each knockdown, but when he staggered to his corner at the end of the round the outlook was mighty dreary for him. However, the little gamemaster stuck thru the twelve rounds and finished stronger than Jerome.

Jack was far greater in defeat than he could possibly have been in victory. He made such a decided hit that Rickard matched him to box Pal Moore, the Memphis enigma, two weeks later. The judges called the affair a draw, altho a majority of the ringside critics favored Wolfe.

One week later Wolfe and Jerome battled again. One of the greatest fights ever seen in little old Manhattan resulted, with Wolfe winning all the way.

Wolfe was then matched to box Joe Lynch, the bantamweight champion, at the Madison Square Garden. Jack handed the sharpshooters quite a jolt when he won 13 rounds of the bout and was awarded the decision. However, the bantam title didn't go with the award, for Lynch had been foresighted enough to insist that his championship would not be at stake in the contest.

ROCKNE DISCUSSES THE FORWARD PASS

By NEA Service.

No football coach in the country has developed the forward pass to a higher degree of efficiency than Knute Rockne of Notre Dame.

Here are his observations on the play that weekly upsets the football dope of the country.

"Proficiency in forward passing is the result of constant practice."

"Only a few players on a variety football squad are capable of hurling the pass effectively."

"The fact that some players can hurl the ball a great distance and with much speed does not necessarily mean that he is a good man at the aerial game."

"It is possible to throw the ball too hard. A player cannot handle a pass that comes to him like a rifle shot."

"The ideal pass floats thru the air, yet has enough speed back of it to carry accurately."

"In baseball some players throw a heavy ball that feels like a lump of lead when it hits the hand, the ball of some other player is as light as a feather. The same thing holds good in football. One ball is easy to handle the other difficult. That is the difference between good and bad passes."

"A pass is not good if used merely as a gamble. You can't keep the other fellow guessing if he knows you don't use the pass consistently."

"The beauty of the pass is that it constantly keeps the defense spread and enables your quarterback to use some strategy."

There you have the dope on the forward pass from Knute Rockne, who is strong for it.

CHICAGO UNIVERSITY TO TEARNEY CHARGES DISCRIMINATION

CHICAGO, Nov. 28—As the result of an editorial appearing in the Daily Maroon a student publication, a student at the University of Chicago saying that a new stadium was not needed to accommodate Chicagoans desiring to witness football games and that the University of Chicago was not an "integral part of the city" Harry Pratt Judson, president of the University, tonight issued a statement declaring the institution planned to use the new city stadium, seating 60,000 persons, when the occasion demands.

President Judson said that to build a new stadium at the University would cost probably \$1,000,000; that it would be filled only once or twice a season and that the University regarded its educational needs more pressing than building a new stadium.

The statement was issued after hundreds of protests had been made from disappointed Chicagoans, who sought to obtain tickets for the Princeton and other important games this season.

Sage Field was jammed to its 32,000 capacity for the last three games on the schedule.

While it is true that the university is not legally related to the city, President Judson's statement said, "it feels itself none the less really a part of Chicago and of the city's life. It receives no money from taxes, but it has received many millions of dollars thru the generosity of the citizens of Chicago. More than one third of the students of the University come from the city and the University regards it as a duty to make every contribution it can to the life of the city."

BOXING CODE LAX IN REGARD TO TITLE

New York.—While the action of the New York state boxing commission in declaring a number of titles void has been much ridiculed, it is becoming more apparent that at least a step has been made in the right direction.

While the Marquis of Queensbury rules cover the boxing game very thoroughly, it seems that the code would have been more complete had it contained some definite word as to the defending of their titles by the champions of the various classes.

It doesn't seem fair to the logical contenders for the various titles to have some veteran holder of a championship put his title in camphor balls and practically refuse to defend it in a decision bout unless given most of the lower money available.

These certainly should be a definite ruling as to how often a champion should defend his title during the course of a year. It seems that he should take a chance in a decision bout at least once every six months.

The case of Champion Johnny Kilbane of the featherweight division is the most glaring example of how this condition is abused. Kilbane absolutely refuses to defend his title unless guaranteed a sum that is out of proportion with his drawing possibilities. The promoters are entitled to a good cut and the challenger a fair sum, but the demands made by Kilbane make such a thing out of the question.

Fight fans are a bit tired of conditions in several classes, notably the middleweight and featherweight. Johnny Wilson and Johnny Kilbane are anything but popular with followers of the ring game at this time, simply because of the safety-first tactics employed.

HARVARD SCHEDULE CUT DOWN FOR 1922

Cambridge, Mass., Nov. 28—The Harvard Football schedule for next fall will be of eight games, one less than this year. Four will be contests classed as heavy.

Princeton will be played as usual, two weeks before the game with Yale. Centre will be dropped. Virginia or North Carolina may take the place of Florida. Dartmouth in all probability will be retained under another one year arrangement. The latter start probably will prevent a meeting with Holycross.

These, it was learned today, are the principal propositions which the makers of the Harvard schedule are considering. This schedule will be the first under the tripartite agreement between the presidents of Harvard, Yale and Princeton providing for a lessening of gridiron activities and will be drawn up in the spirit of that agreement; it is understood.

Miss Ino King returned to her home on South Main street Monday evening after a week end visit with Miss Helene Salzensteln in Virginia.

Studebaker

Order Your Christmas Studebaker Now!

In order to have a Studebaker Light-Six Sedan at the door when the family comes downstairs Christmas morning, you should place your order now.

The Sedan is the ideal gift because it will provide happiness for all the family—all the year—and the years to come.

The sturdy body of the Light-Six Sedan, like the chassis, is built in Studebaker plants. It is constructed to give long, satisfactory service. Only the finest materials are used. Craftsmanship is unexcelled.

It is cradled on long, strong, semi-elliptic springs. The nine-inch seat cushions, upholstered in mohair velvet plush, are restful. The heater, cowl ventilator and the wide windows, among many other features, add to its year-round comfort and utility.

The reliability of the Studebaker Light-Six Sedan has been proved in the hands of thousands of enthusiastic owners.

It is strictly a quality car. Its low price of \$1550 is possible only because of complete manufacture in one of the most modern and complete automobile plants in the world. This means the elimination of middlemen's profits, and the savings are passed on to you.

And back of the beauty and dependability of the Light-Six and its completeness, its advanced design and precise workmanship, is the Studebaker name, which after 70 years enjoys public confidence and respect more than ever.

Heater, Eight-day clock, Thief-proof transmission lock, Cowl ventilator, Side coach lamps, Rain visor and windshield cleaner, Inside locks on three doors and outside lock on right-hand front door, Silk roller-curtains, Four doors that swing wide open, Dome light, Mohair velvet plush upholstery.

Market Report

UPWARD MOVEMENT IN STOCK PRICES

NEW YORK, Nov. 28.—Stock prices took a decided turn for the better in today's dealings, gains in active shares ranging from one to nearly 20 points.

Much impetus for the rise was furnished by bear operators who wished to remain covered over the holiday and by the renewed activity of pools which had ceased to function during the reaction which had spread over the better part of five weeks.

Lower money rates another new high for sterling exchange, a number of dividend resumptions and increases and the publication of more favorable October railroad earnings reports all helped to create a better atmosphere, but it hardly could be said that the upward course of prices was governed by any or all of these. With professional speculators in control prices of late have moved in seeming disregard of outside news developments.

The Standard Oil shares took a prominent part in the advance, New Jersey gaining 7 points and California 3½, Mexican Petroleum, very little of which is outstanding jumped 13 points on a turnover of 1,500 shares.

United States Steel, selling ex-dividend got up as high as 101½, but reacted later to 100½, a net gain of 13. Independent steels generally dragged behind the rest of the list on the upturn altho Bethlehem "B" and Crucible closed at least a point higher.

Persistent but unconfirmed reports that New York Central will be placed on a seven per cent basis next month resulted in some good buying of that stock which closed at 94½ up 5½.

Moderate strength altho developed in other rail shares gains of 1½ to nearly 3 points being noted in Baltimore and Ohio, Chicago and Eastern Illinois, Chicago and Northwestern, Missouri Pacific preferred and Pere Marquette.

Studebaker, which got down to 114 yesterday crossed 119 today and closed at a net gain of 3 points. Adams Express broke more than five points on announcement of a resumption of dividends representing speculation disappointment at the 4 annual rate.

Money rates were easier. Call money opened at 4½ and eased off to 4. There was a fairly active demand for time money at 4½ for all maturities with a few scattered loans being made on a five per cent basis. Out of town institutions are the principal buyers of commercial papers, the best names commanding 4½ per cent.

Foreign exchanges were irregular. Demand sterling got as high as \$4.52½ but reacted just under \$4.52 for time. French francs sold as low as 6.95. Canadian exchange was again at par.
